ABOUT THE AUTHOR

When you create pictures, charts, or diagrams, they also coordinate with your current document look. You can easily change the formatting of selected text in the document text by choosing a look for the selected text from the Quick Styles gallery on the Home tab.

On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. You can also format text directly by using the other controls on the Home tab. Most controls offer a choice of using the look from the current theme or using a format that you specify directly.

This is level 2 heading!

To change the overall look of your document, choose new Theme elements on the Page Layout tab. To change the looks available in the Quick Style gallery, use the

CHAPTER 1

HOW TO USE THIS TEMPLATE?

Looking for a free template of book for writing a book? You can use this professionally formatted Word book template for creating a **nicely formatted book** for online submission or for printing through any self-publishing company. This book template is especially created for preparing small books in 5 x 8 paperback. You will definitely find this Word template useful in formatting your book. The heading above these two paragraphs is a “**Level 1**” heading. Everything has been professionally organized and styled through Ms. Word’s style-sheets. You can start your sections or chapters with this Level 1 heading.

Perfect formatting for self-authors

If you love writing books then you should definitely use this easy to use yet nicely formatted book layout for

**Created with an evaluation copy of
Aspose.Words. To discover the full versions of our
APIs please visit:
<https://products.aspose.com/words/>**

your next book. The heading above this paragraph is “**Level 2**” heading. Everything is formatted using predefined styles so instead of making any manual change in the formatting, you should modify the associated styles to let your changes effectively apply at every instance of that formatting. Feel free to personally use this outstanding book template in any of your fiction or non-fiction work. This is more than a blank book template in Microsoft Word; this is a complete book design for commercial printing & publishing.

Print-ready typesetting & layout

The layout, design, formatting, automatic table of contents –everything has already been included in the template and this is for your **Personal Use Only**. We have included every necessary section into this book writing template. The starting pages are numbered using Roman numerals. However, everything is still modifiable for you. Even if you are not very good with Microsoft Word, still by using this template, you can make your book look professional. Either write your book from scratch or copy your existing content into the template, you’ll definitely love it. Make sure you check the “**Navigation Pane**” to know about the different levels of headings and also

**Created with an evaluation copy of
Aspose.Words. To discover the full versions of our
APIs please visit:
<https://products.aspose.com/words/>**

check the **“Styles”** group for available styles. This book template is formatted into **“Sections”**. Every Section has its own properties, please also take care of these things when adding new sections into the template.

Adding new content

For adding new chapters in this template, simply copy these dummy texts entirely and paste them at the insertion point from where you need to start a new chapter. Otherwise, you can write your content from scratch using the predefined styles in the template. Please also note that this template uses **“Different First Page”** & **“Different Odd/Even Pages”** through Microsoft Word’s sections. Insert new chapter in a separate section.

Using chapter title on the header

If you want to write chapter title on the header instead of using author name then you can modify it on the header of the section you are working on. Using sections is easy in Microsoft Word, if you don’t know about modifying sections then **please Google** about inserting & using sections in Ms. Word, you’ll certainly find many articles on Microsoft Word’s sections.

Our “Important Notes”

Please first also read our “Important Notes” document attached in the download package. Our free templates normally consist of dummy text throughout the document so before you submit your book for final publishing, make sure there **remains no placeholder text** in the manuscript. You’re allowed to download, modify and use our free resources for your personal use only.

Help us by accrediting!

If you find this book template helpful in your writings then please spread the word and appreciate us by sharing these awesome and free templates with others as much as you can so that many people will also take benefits of our great free resources. Please remember that this template is for your **PERSONAL USE ONLY**. For any questions, please write to us at the following addresses:
